

# SATWIK SHETTY

ADAMANT, VIGILANT, PROMISING, SPORTING

## INTERNSHIP

### IBM SKILLSBUILD • MARCH 2023

Completed three distinct internship programs, covering a wide spectrum of cybersecurity topics, enabling a holistic understanding of the field.

Acquired a diverse skill set encompassing fundamentals, training, and online data security, equipping me with the expertise to address various challenges effectively.

## SKILLS

Leverage my innate aptitude for cybersecurity to rapidly grasp and apply new concepts.

Maintain a harmonious work-life equilibrium by consistently achieving success in diverse extracurricular pursuits. These accomplishments contribute to a well-rounded approach to problem-solving and innovation.

Aspire to be a valuable asset within a dynamic and learning-focused environment, consistently delivering results that drive growth and excellence.

## PROJECTS

### VOICE ENABLED CAR

Design and build a voice-controlled car system, complemented by a mobile application, using Arduino technology. Aim to elevate user experience and safety while contributing to advancements in in-vehicle technology.

### CANTEEN MANAGEMENT SYSTEM

Canteen management system website powered by XAMPP, providing efficient management of food ordering, inventory, payments, and reporting for convenient and streamlined canteen operations.

## EDUCATION

### SECONDARY HIGH SCHOOL • MAY 2018 • THE BISHOP'S CO-ED SCHOOL (ICSE)

I have secured a percentile of 80.60% along with various extra-curricular activities such as boxing and football.

### SENIOR SECONDARY (PRE-ENGINEERING) • JULY 2020 • MAHAVEER JR. COLLEGE (HSC)

Score a percentile of 68.92% during my junior college and opted for the college football team as well.

## LEADERSHIP EXPERIENCE

As a teenager freelancing as a catering manager, I effectively guided and coordinated a team, fostering collaboration, communication, and achieving successful outcomes in fast-paced environments
